

Dear Parents,

Due to Government announcements related to the Coronavirus outbreak, learners may find themselves having to self-isolate at home.

In advance I thank you for your understanding and co-operation at this time.

Teachers in every year group have placed investigative learning activities on our Website, which you and your child can complete together at home.

In the event of a full school closure, or individual self-isolation, this link on our school website Homepage will lead you to these activities.

**Learning from Home**

*(Also found on the drop-down **Learning Zone** Header)*

Passwords to some of the linked activities and sites will be sent via text to parents who currently have children at home. Children in school will receive their password from their class teacher.

So...

- Search for Marsden Primary School Nelson or type in: <http://www.marsdenschool.co.uk/>

- Scroll down and click the **Learning from Home** link

- Choose the "Home Learning Timetable" under your child's year group e.g.

**Year 3**  
Home Learning Timetable Year 3

Learning activities will be updated on a weekly basis.

Our well wishes to you and all your families.

Kind regards,

Nicole Delamere
