

Dear Parents and Children,

This year at Marsden we are holding a Ramadan Kindness Project. For this project we will be creating food hampers which will then be given to Food Banks who will then distribute them to homeless and needy families. As you may already know Ramadan is the month of giving which is why we ask that you take part in this act of kindness.

We are asking you and your children to donate food to the school such as canned food, packets of dry food like rice and pasta. We will also accept packets of sweets, crisps, juice boxes, cooking oil and bottles of water. We request that you avoid anything containing nuts and fizzy drinks.

Just think that one piece of food is seventy times the reward. We would like all the food to come in to school between the **4th and 5th of May**. Please ensure that all the food donated is halal.

Yours sincerely.

Aleena Shah
